SPEAKEASY

Vol. 15

RULES & LIFE ADVICE

Please make us aware of any allergies as soon as possible.

We can make drinks off the menu, but we don't have everything.

Seasoning is not something to be afraid of.

Unique New York. Unique New York. Unique New York.

No whistling, finger-clicking, shouting, and above all drones (Get it?)!

We have procured a vast array of absinthe, and we love it!

Absinthe ignition will be treated with immediate and violent prejudice.

Eat your greens, and enjoy them. Ask for more, they're great!

No seat, no service.

Yes, the room is supposed to be this dark.

No, we don't know where your keys are.

What is love?

If in a larger group, please be conscious of smaller tables around you.

Baby, don't hurt me.

When leaving, be aware of our sleeping neighbours. They're asleep.

Don't hurt me, no more.

I won't ask again.

INTRODUCTION

Welcome. Glad you could make it.

The following is a breakdown of our menu, a contents page if you will. Don't be alarmed as there is a lot to take in, but hopefully, there is something here for everyone.

The menu is broken into sections depending on the style of beverage, but this time it's style-specific. So sit back and think of the type of beverage you are in the mood for and take a look at what we have to offer.

SECTION 1.

Cocktails. Boozy and Direct.

Broken down by our house drinks in the style of the archetype of each section.

SECTION 2.

Long, Fruity, Fizzy.

As above, broken into pages of house concoctions stylized around the format of their types.

SECTION 3.

Short Citrus and Shaken.

Again the theme of this section is to combine beverages that are driven through citrus fruits and the shaker.

SECTION 4.

Absinthe.
'Nuff Said

SECTION 5.

Boring.

ABSINTHE

- **ABSINTHE** -
CELEBRATE THE GREEN FAIRY

Here at the Little Pig Speakeasy, we love our absinthe! There's nothing quite like it really. Pungent, bold, strong, seductive, subtle and fascinating. We have curated various amounts of absinthe over time, and continue to add to them whenever possible, which show diversity and gastronomy to a spirits category that many often associate with irresponsible late teen quaffing. We have a selection of paraphernalia and fountains for the more elaborate enthusiast and a plain old glass of ice water for the more seasoned imbiber. As with anything with history, there is a story behind absinthe. A story with heroes and villains, intrigue, international espionage, global restrictions and so much more. So sit back and relax as your absinthe journey is about to take another, or perhaps its first, step.
