

The Little Pig

SPEAKEASY

Vol. 16

INTRODUCTION

Welcome!

Glad you made it.

Our menu is quite extensive, but don't panic, hopefully, there's something here for you. We have dedicated a page per style of libation, so sit back and consider the style of beverage you are thirsting for.

The first few pages are old school and boozy beverage 'Cocktails', liquor forward and not for the faint of heart.

The next pages are longer and fresher drinks, some fizzy, some still.

The third section is Daisies and Sours, short citrusy drinks, shaken and served up.

Next, a page of absinthe served traditionally with a fountain, sugar and slotted spoon.

Thereafter it gets boring, wine and beer for the non-believers, a list of spirits and fine wines for the curious and some merchandise and cocktail sundries at the back.

For anyone 'driving' a (*) beside a beverage indicates it can be made without the stimulus.

ABSINTHE

CELEBRATE THE GREEN FAIRY

Here at the Little Pig Speakeasy, we love our absinthe! There's nothing quite like it. Pungent, bold, strong, seductive, subtle and fascinating. We have curated various amounts of absinthe over time, and continue to add to them whenever possible, to bring diversity and gastronomy to a spirits category that many often associate with irresponsible late-teen quaffing. We have a selection of paraphernalia and fountains for the more elaborate enthusiast and a plain old glass of ice water for the more seasoned imbibers. As with anything enriched in history, there is a story behind absinthe. It is a story with heroes and villains, intrigue, international espionage, global restrictions and so much more. So sit back and relax as your absinthe journey is about to take another, or perhaps its first, step.
